[Entered at the rostoffice at Wheeling, W.Va.

WHEELING, MAY 7, 1801. LANGTRY is not coming to America

just now. Boycotting us? THE manufacture of George Washington relics is a reviving industry.

THE Farmers' Alliance of Texas is no booming Mr. Mills for the speakership. Is Mr. Mills in training to get left?

THE steamship companies are learning in the school of experience that we have immigration laws and that they were made to be obeyed. In due time the companies will find obedience the cheaper way. The country is in earnest.

CAPT. VERNEY, of the British House of Commons, has excellent luck for s man who has been engaged in his pastimer. A much longer term of imprisogment would not have been beyond his deserts and might have rerved better by way of example.

New ORLEANS is not the first American city to be afflicted with an organized ging of jury fixers, but it is the first to them by the throat. The rest of the country will wish New Orleans well in her effort to rebuke this worst of

The Grand Jury which investigated the slaughter of the Italians in New Orion of an overwhelming public sertiment and presents the manifest futility of indicting a whole community.

of New Orleans felt that something heroic had to be done for their salvation. They did it with terrible effect. The Grand Jury, drawn from that same people and filled with the same sentiment, says before all the world that this was justice, however rude its form. We believe that nebedy has doubted that in the country, not counting those in the country, not counting those believe that nebedy has doubted that the bullets went to the right spots.

It was the unlawfulness of the proceeding that impressed the American the milk was getting higher in butter

mind outside of New Orleans. The proceeding being of this character, the Grand Juty would present anybody for trial. Under the circumstances all the jury could do was to present the leaders as a propitiation for the sin of the community, and this is precisely what the jury declined to do.

The strong claim is made that a race of hogs fed exclusively on corn is as sure to become diseased as day is to follow night. The most careful hog growmantly, and this is precisely what the jury declined to do. jury declined to do.

So the epizode is closed so far as the up for market. Louisiana authorities are concerned, and with respect to criminal prosecution in the premises there is no other authority. If Italy does not like this termination she will have to find her own recourse. If she shall be pleased to reopen what her Premier thinks a bootless controversy, she will be confronted with the clearly proved efforts made in behalf of her subjects to bribe the jury which let them go free: and though this may not eatisfy her, it will give the rest of the world to understand how strong was the provocation of the people of New

The McKipley Wool Tariff.

The Register, in its effort to discredit protection in general and the wool tariff in particular, is consuming much space in particular, is consuming much space and printer's ink. In its article of yesterday it climbed all over the wool-growers of this leashity for demanding increased upon the blood and mucous surfaces of dutice. Here is enough to show the

duties. Here is enough to show the style of the arraignment:

Greed o're leaps itself oftener than ambition, as the shepherds of the Ohio and Western Pensylvania districts, incutding the West Virginis Fan-Handle, can tealify if they have intelligently watched the wool market since the passage of the McKinley bill. McKinley, of course, yielded to the demands of these foolish shepherds who imagined that an increase in the tariff on weo mound seep out enough foreign wool to maintain the price of their own product.

And what has been the result? The price of their own product has failen off, waite that of the foreign wool has goine up.

Worth Handreds of Dollars.

My wife used only two bottles of their own product has fallen on, who chartof the foreign wool has gone up. Is the Register's concluding paragraph

True? Has foreign wool gone up and domestic wool gone down? Were our wool growers so foolish as the Register says they were? Messrs, Justice Bate wholesale and rotali by Logan Drug Co. man & Co., of Philadelphia, extensive and all druggists. dealers in wool and a house of the highest character, do not agree with the Reg-

true. In a circular to the trade they 889;

We are frequently questioned as to what has been the click of the sickinley bill upon prices for Américan wood, it answer to which we refor to the following diagram. The upper portion shows the downward course of prices for secured australian clothing wood for the past fourteen months from February, 1800, to the present of the following diagram. The upper portion shows the downward course of prices for secured australian clothing wood for the past fourteen the following diagram. The upper portion which the same period. While the McKinley bill made but slight chauces in the duties upon wool it shut out such sourced wood as had herefore been imported as "weste." and if made it no longer possible to import clothing woods if involced as exspet woods; this result of the bill, we to wook an increased the demand for wood to such a degree as to have sustained American prices, while foreign prices have been decilining. The official reports of the United States Treasury, showing the extent in the falling of import to manufactures of wool, there also had a stimulating effect upon the views of some holder variences to get rid of their old wool.

The imports of manufactures of woolens, exclusive of carpets, for January and February, 1801, in comparison with the same period of 1801, show a falling off of \$1,000,000. Deputing in the representated three pounds of uncashed represented three pounds of uncashed the representated three pounds of uncashed the representations, which for the above two months show an increase of n,000,000 pounds. Leducting the clothing wood importations, which for the above two months show an increase of n,000,000 pounds. At this rate, assuming that the spools which for merips were imported as rowe being made here—of which there is no doubt—the increased wood which here is no doubt—the increased wood which here is no doubt—the increased in the form of the form of

the price of Australian wool was one cent lower in April of this year than it was at the time of the passage of the

clusive as against the sort of writing the Register and other Free Trade newspapers are doing.

AGRICULTURAL NOTES. Matters of Interest to the Intelligencer's

"The model dairy cow," to our notion 4 00 is the one that makes the most butter o heese at the least cost. Professor Roberts does not believe in the crossing of cucumbers, melons, squashes, etc. This is a popular fancy,

Mr. A W. Cheever thinks a little pol-led blood would add to the vigor and streagthen the constitution of the Jer-seys and Guernseys.

Some Georgia capitalists have under-taken to manufacture paper from cotton stalks and bolls, which are now practical-ly useless to planters.

There appear reasons for believing that the constitution of mutton since 1875 has increased twice as rapidly as the advance of population.

All farmers who are studying their business as the merchant, the lawyer, the doctor and the banker study their, will learn something from the sgricul-tural experiment stations.

the apins.

At a meeting of the Holden, Mass.,
Farmers' and Mechanics' Club, Mr.
Pliny Moore, of Worcester, advised getting pasture land in a condition to plow
and maintain it by occasional reseeding. fall fonl of a batch suddenly and take He believes it is good policy to pasture

An observing farmer at an institute said: "Many farmers who keep board ing houses for cows run them on the European plan. The cow, however, always pays on the European plan. She only pays for what she receives; nothing

As things are even now, occasionally leans took the bull by the horns. It justifies the action of the men who took into their own bands the vengeance of the law, says that their act was the extended all the properties of the law, says that their act was the extended all the properties of the law, says that their act was the extended all the properties of the law, says that their act was the extended all the properties of the law, says that their act was the extended all the properties of the law, says that their act was the extended all the properties of the law, says that their act was the extended all the properties of the law and the law One of the most important things for

poultry breeders is to have good, com-fortable buildins and yards for their The time had come when the people stock. Their costliness must depend on of New Orleans felt that something the ambition of the breeder and the ex-

in the cities, towns and villages.

The Rose Hill cemelery trustees have taken the grave descration matter up and are thoroughly in carwest. Any vanidal who attempts to start there will be punished. No persons are allowed inside without a permit.

The large crowd who witnessed the enteriain ment of rank Hening are loud in their praise of him. Misses Rena House and Linna Henley, and Robert Darrah, came in for a big share of compilments. Mr. Darrah is a nephew of James B, Darrah, of this city. percentage, and from that I inferred proceeding being of this character, the carried into the milk than was the fat pussion was whether a New Orleans from the ration.—Dr. Sturtevant. In thousands of cases the cure of cough is the preventive of consumption The surest cough medicine in the work is Dr. Wood's Norway Pine Syrup. Sol

The Secret of Success.

The Logan Drug Co., druggists, believe that the secret of success is perseverance. Therefore, they persist in keeping the finest line of performerice, toilet articles, cosmetics, drugs and chemicals on the market. They especially invite all persons who have palpitation, short breath, wask or hungry angle, pain in the side When there is trouble about the separation of the butter from the milk, a correspondent of the American Agriculturiat says that adding a quart of water at the contract of the American Agriculturiat says that adding a quart of water at the contract of the sixty-four degrees, in which a teaspoon-ful of salt had been dissolved, to each four quarts of cream, when ready to start the churp, with him reduced the time of churning from three hours to twenty

sons who have palpitation, short breath, weak or bungry spells, pain in the side or shoulder, oppression, night mare, dry cough, smothering, dropsy or heart disease to try Dr. Miles' unequaled New Heart Cure before it is too late. It has the largest sale of any similar remedy. Fine book of teatimonials free. Dr. Miles' Restorative Nervine is unaurpassed for alceplessness, headache, fits, etc., and it contains no opiates. There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. All dealers keep it, \$1 per bottle, Genuine has trade-mark and crossed red lines on wrapper.

It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred stipation. 25c per box, 5 boxes for \$\frac{1}{2}\$. For sale by Logan Drug Company. Daw

My wife used only two bottles of "Mother's Friend" before her third con-

A Husband's Mistake.

"MOTHERS" est character, do not agree with the Register. They state the very opposite to be true. In a circular to the trade they say:

We are frequently questioned as to what has been the effect of the sick inley bill upon prices for American wood, in answer to which we refor to the following diagram. The upper portion shows the downward course of prices for accourd Australian cichling woof for the past fourteen months from February, 1890, to the present time, while the lower part indicates the course of prices for smillar gradues of American woof for the same period. While how McKinley bill model it shut out such second wood in that how to fore been imported as "waste," and it made it no longer possible to import clothing woods if involved as carpet wooks; this result of the bill, where the longer possible to import clothing woods if involved as carpet wooks; this result of the bill. Nervous Diseases, free at The Logan brigged to the second prices for the past fourteen the properties of the present interposition to manufacturers.

Nevrous Diseases, neuralgia, sleepless-news, their children, to suffer from parents their children, to suffer the pa Husbands too often permit wives, and Drug Co.

Vice is slowly encroaching on virtue Last year men were allowed to smoke on the two back scats of the summer cars; via year they are allowed to smoke on the three back seats.
